# Dance/Exercise Proposal

## Dance/Exercise Space

Coventry Canal

**Project Statement:** A dance and exercise space with a fantastic location on the outskirts of Coventry city. The site is angular in shape beside the canal and a busy road and bus stop emitting high noise levels. The proposal consists of 2 structures, the main building and smaller structure where events take place. Between the two buildings is a grass area where activities can take place during the summer.

# Educational Space Proposal

## Charterhouse Extension

Coventry Charterhouse

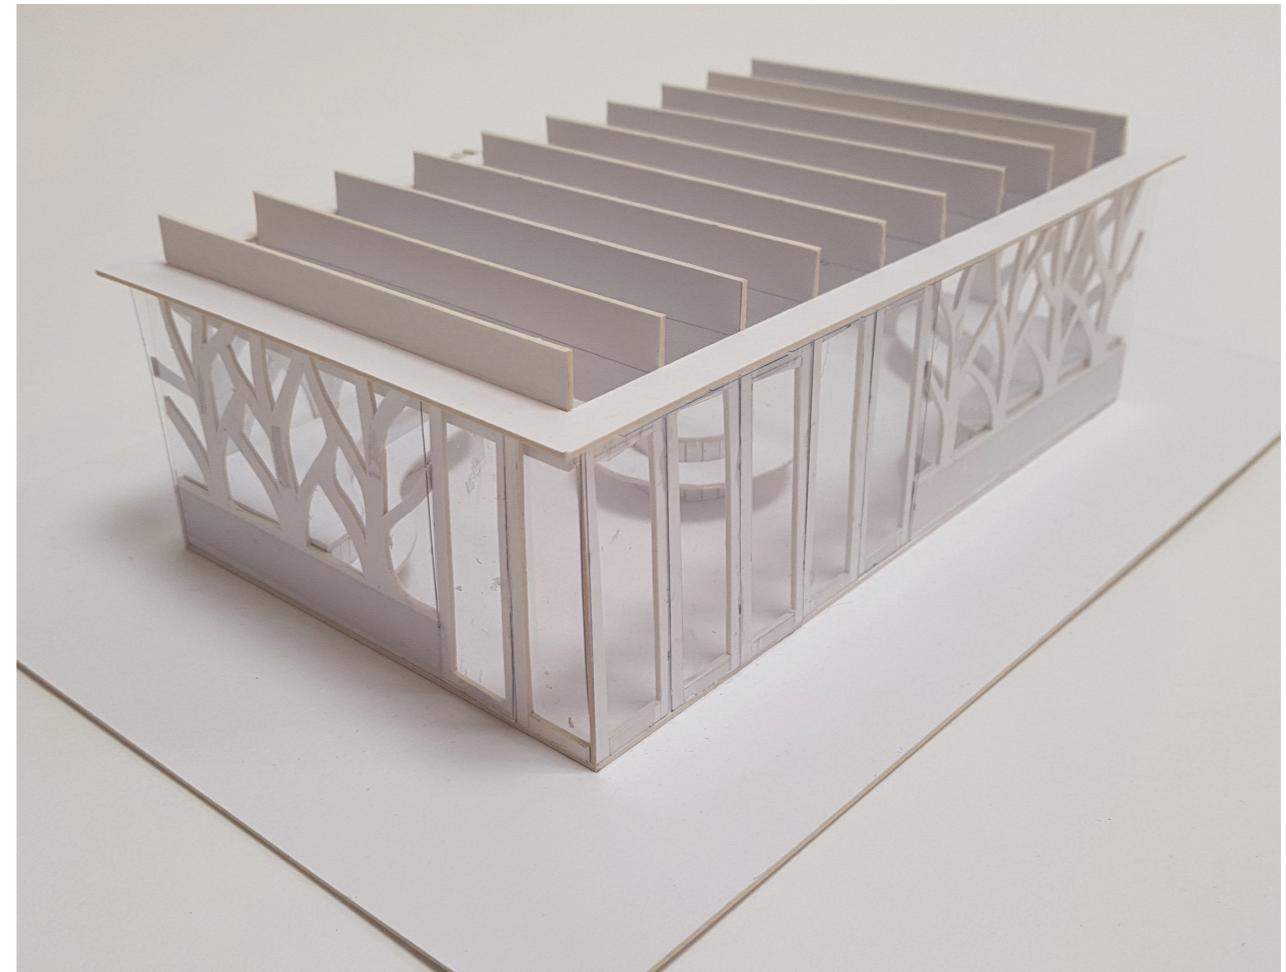

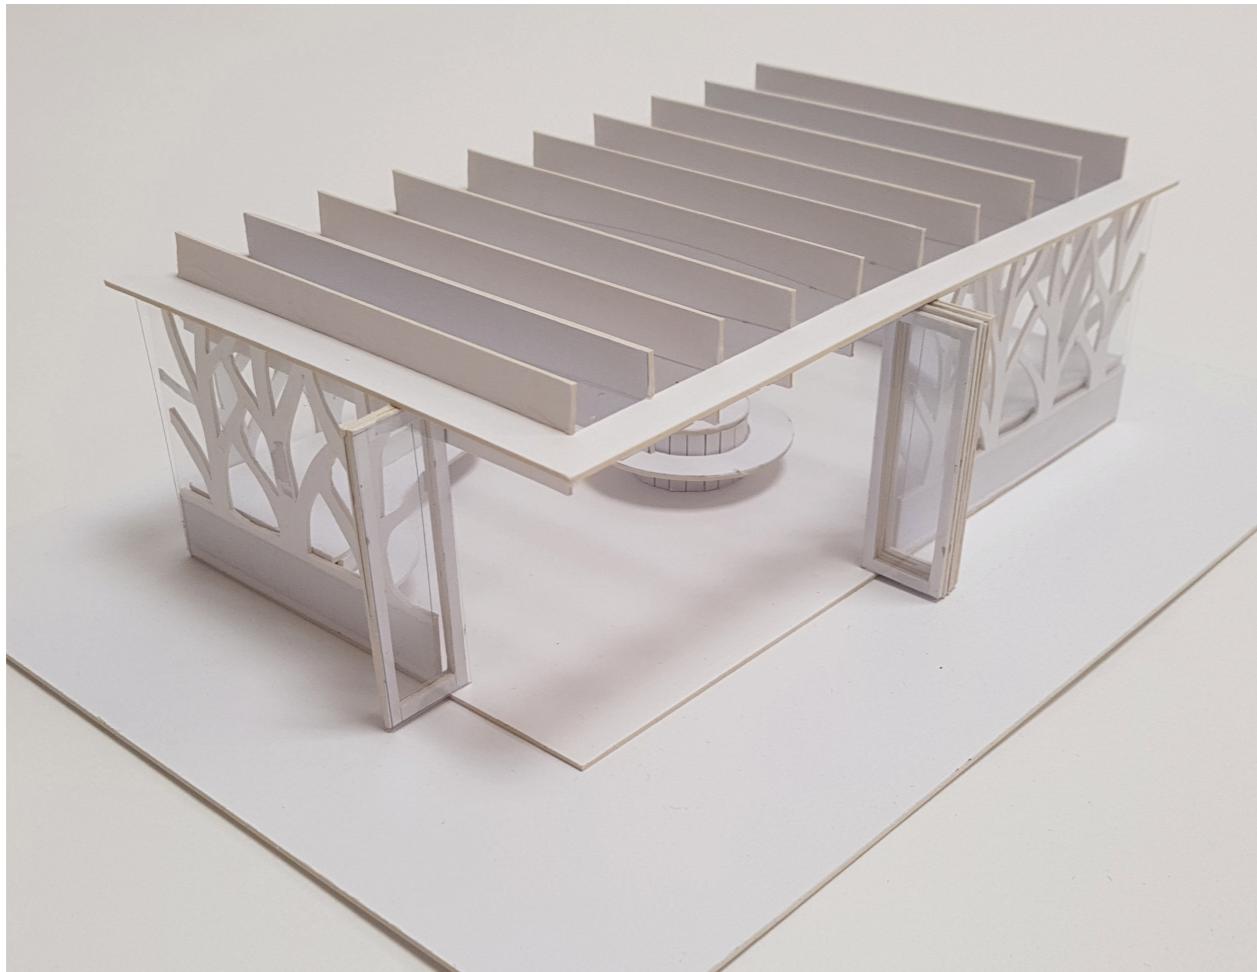

**Project Statement:** To design an education and cafe space beside the historic Coventry Charterhouse to increase activity on the site. I did this by designing a contemporary structure to attract the youth (as there were 2 schools nearby) to use the facility and learn about the historic background of the site. The design was carefully considered to ensure importance was given to the Charterhouse building.
